## Historical Note

In 1917 the Christian Science Board of Directors posted notices in the *Christian Science Sentinel* and *The Christian Science Journal*, asking for original letters and authentic statements by Mary Baker Eddy. The Directors also requested reminiscences from any “Christian Scientists or others who knew Mrs. Eddy personally or through correspondence at any period of her human experience.” [The Christian Science Board of Directors, “Notice,” *Christian Science Sentinel* 20, no. 5 (1917): 90.]

In addition to published notices, The Mother Church also contacted some individuals directly, inviting them to submit their memories. Later on requests went out for “the names and addresses of persons who were acquainted with Mary Baker Eddy at any time, and whose recollections have not been sent to the Directors.” [The Christian Science Board of Directors, “From the Directors,” *Sentinel* 34, no. 40 (1932): 791.]

By 1933 the scope of the collection had broadened to include reminiscences about the greater Christian Science movement, and not just Eddy’s life.

Between 1937 and 1942, acquaintances of Eddy delivered addresses in connection with the Annual Meeting of The Mother Church, which were transcribed and published in the *Sentinel*. [We Knew Mary Baker Eddy, The Christian Science Publishing Society, 1943.] Some were also published in the 1942 pamphlet *Excerpts from Letters and Reminiscences*. When The Christian Science Publishing Society issued *We Knew Mary Baker Eddy* the following year, it included seven addresses that had first been published in the *Sentinel*. Eventually the book consisted of four volumes; these were consolidated into one volume in 1979, compiled and edited from materials in the Reminiscence File. An expanded edition came out in 2011.

Several authors, including Lyman P. Powell, Clifford P. Smith, and Robert Peel, drew from accounts in the Reminiscence File for their biographies of Eddy. Additionally, some authors published their own reminiscences. See the Library Reference Collection for published autobiographies, memoirs, and reminiscences, including these:

- *We Knew Mary Baker Eddy*
- *Mrs. Eddy as I knew her in 1870* by Samuel Putnam Bancroft
- *Memoirs of Mary Baker Eddy* by Adam Dickey
- *Recollections of Mary Baker Eddy...* by James F. Gilman
- *The Destiny of the Mother Church* by Bliss Knapp
- *An Account of Pioneer Experiences in Christian Science* by Ella Peck Sweet
- *Twelve years with Mary Baker Eddy: Recollections and Experiences* by Irving C. Tomlinson

## Scope and Content Note

The Reminiscence File consists of over 2,000 reminiscences, mostly first- and second-hand accounts. Reminiscences about Eddy span her entire life, including her childhood in New Hampshire, her years living at Pleasant View in Concord, New Hampshire (1892-1908), and her time at Chestnut Hill, Massachusetts (1908-1910). The most notable reminiscences came from those who worked closely with Eddy—her secretaries (notably William R. Rathvon and Irving C. Tomlinson), household staff (such as Minnie Weygandt, Eddy's cook), and her students (such as Samuel Putnam Bancroft).

Although the Directors originally sought the reminiscences of those who knew Eddy “personally or through correspondence,” the collection grew to include accounts from many others, including:

- Family members and friends of those who knew her personally
- People who saw her in passing
- Visitors to her homes
- People who saw her speak or preach publicly
- Workers at The First Church of Christ, Scientist, including those involved with *The Christian Science Monitor* and other activities of The Christian Science Publishing Society
- Other individuals active in the Christian Science movement

These accounts, which may have been recorded decades later, take the form of letters, manuscript drafts, notebooks, and other bound volumes.

This collection also includes the notes of Eddy's students, taken after they had class instruction with her, as well as with other teachers. (Note: Joshua Bailey's notes from Eddy's Primary class of February 25 to March 5, 1889 [A12065], as well as his notes from her Normal class of May 21, 1889 [A10273], reside in the Mary Baker Eddy Articles and Manuscripts Collection. These notes are considered a transcription of Eddy's teachings rather than the recollections of Bailey, since he created them at her request).

This collection includes Series I, Authentic Reminiscences, and Series II, Inauthentic Reminiscences. The collection is organized alphabetically by the author or subject of the reminiscence.

## Series I, Authentic Reminiscences

### Series Scope and Content Note

Series I, Authentic Reminiscences includes documents in which the creator of the document is known as well as the chain of custody of the document. The term authentic does not refer to the historical accuracy of the reminiscence. Some accounts may not be reliable. Series I consists of the bulk of the collection.
